All Hall Meetings Accessibility Information

Overall: This will not be a scent-free space. If videos are shown, there will be captions. Sign language interpretation will be available if requested in far enough in advance. A typed, screen reader-accessible copy of the presentation content can be made available before or after the meeting if requested. All speakers will be using microphones. Please contact jill.childress@oregonstate.edu to request accommodations or to share any accessibility needs or concerns (the earlier you are able to get in touch with us, the better).

ILLC 155
Wheelchair access:

There is wheelchair-accessible seating in the front of the room, but no ramp to get to other rows which are tiered and accessed by stairs. There are 2 entrance/exit doors at the front of the room. There is no automatic door-opener button to enter the room, but we will have staff situated at the doors to help people get in and out of the room.

Seating type:
This room has tiered, auditorium-style seating, and chairs without arms and with flip-up tabletops. There are a limited number of extended-width seats with arms in the front of the room.

Bathrooms available:

Nearby, you can find a wheelchair-accessible, single stall bathroom that can be used by people of any gender. There are also wheelchair-accessible, multi-stall men’s and women’s bathrooms close to the room.

Other information on the space:

This room is on the first floor of the International Living-Learning Center. The presentation screen and presenters will be at the front of the room.

Capacity: 80

Milam 26
Wheelchair access:

Wheelchair accessible seats are located at tables in the middle and in open space in the front of the room. There are two wheel-chair accessible entrances at the back of the room, and the room has a slanted floor angling down to the front of the room.

Seating type:
The room has auditorium-style seating in three rows with wheelchair accessible seats in the front.

Bathrooms available:
A wheelchair accessible single user bathroom is available in the lobby.

Other information on the space:
There are curtains to enter and exit the space; staff will be available on site to help open curtains if needed. There are ramps to access the stage and seating areas.

Capacity: 615
**LINC 100**

Wheelchair access:
There is wheelchair-accessible seating towards the back/perimeters of the room, with moveable chairs in front of a long table top. There are also wheelchair-accessible spaces in the front row. There are 4 entrance/exit doors, but only the one at the southeast corner of the room has a hand-waving sensor to open the door automatically. We will have staff stationed throughout the room to help with opening the other doors as needed throughout and after the meeting.

Seating type:
This room has tiered, auditorium-style seating, and primarily chairs with arms and with flip-up tabletops. There are a limited number of extended-width seats throughout the room.

Bathrooms available:
There is a wheelchair-accessible, single stall bathroom near this room that can be used by people of any gender. There are also wheelchair-accessible, multi-stall men’s and women’s bathrooms closer to room 128.

Other information on the space:
This room is on the first floor of the Learning Innovation Center (LInC), which is a large, air-conditioned building. The presenters will be in the middle of the room and there are screens around the entire room that will all show the same content. The room has 4 entrance/exit doors, with 1 at each corner of the room. There are fairly quiet, open spaces with seating outside of this room if you need to step out for a bit to take care of yourself.
Capacity: 588

**LINC 128**

Wheelchair access:
There is wheelchair-accessible seating in the front, middle and back of the room. Most seating can be accessed by ramp in the room, but some seats are accessed via stairs. There are 2 entrance/exit doors, but only the one at the southeast corner of the room has a hand-waving sensor to open the door automatically. We will have staff stationed by the other door to help people get in and out as needed throughout and after the meeting.

Seating type:
This room has tiered, auditorium-style seating, and primarily chairs with arms and with flip-up tabletops. There are a limited number of extended-width seats throughout the room. There are also a few seats without arms in the wheelchair-accessible row in the middle of the room.

Bathrooms available:
There are wheelchair-accessible, multi-stall men’s and women’s bathrooms close to this room. There is also a wheelchair-accessible, single stall bathroom near room 100 that can be used by people of any gender.

Other information on the space:
This room is on the first floor of the Learning Innovation Center (LInC), which is a large, air-conditioned building. The presentation screen and presenters will be at the front of the room. The room has 2 entrance/exit doors in the back of the room. There are fairly quiet, open spaces with seating outside of this room if you need to step out for a bit to take care of yourself.
Capacity: 395
LINC 228

Wheelchair access:

There is wheelchair-accessible seating towards the back/perimeters of the room, with moveable chairs in front of a long table top. The front row has a few moveable chairs, but it might be difficult for wheelchair users to maneuver since the open spaces are fairly narrow and between two non-moveable seats. There are 4 entrance/exit doors, but only the one at the southeast corner of the room has a hand-waving sensor to open the door automatically. We will have staff stationed throughout the room to help with opening the other doors as needed throughout and after the meeting.

Seating type:

This room has tiered, auditorium-style seating, and primarily chairs with arms and with flip-up tabletops. There are a limited number of extended-width seats throughout the room.

Bathrooms available:

There are wheelchair-accessible, multi-stall men’s and women’s bathrooms close to this room. There is also a wheelchair-accessible, single stall bathroom closer to room 200 that can be used by people of any gender.

Other information on the space:

This room is on the second floor of the Learning Innovation Center (LInC), which is a large, air-conditioned building. The staircase to get to the second floor has many steps due to the high ceilings in the building. There are 4 elevators in the building which can be used by anyone. The presenters will be in the middle of the room and there are screens around the entire room that will all show the same content. The room has 4 entrance/exit doors, with 1 at each corner of the room. There are fairly quiet, open spaces with seating outside of this room if you need to step out for a bit to take care of yourself.

Capacity: 277
